Basic Needs
ACTIVITY 1

Can you discuss and identify what you think are basic needs?

Basic needs are things that humans need to survive.

Different charities and government define basic needs in different ways.

Work with a partner or in a group.

Use the list to help you decide what are basic needs and what are not.

Discuss each need and explain why it is or is not a basic need.

Write your version of the basic needs list.

Do you have any additional needs that should be added to the list?

<table>
<thead>
<tr>
<th>water</th>
<th>internet</th>
<th>clothes</th>
<th>shelter</th>
</tr>
</thead>
<tbody>
<tr>
<td>sanitation</td>
<td>food</td>
<td>healthcare</td>
<td>cooker</td>
</tr>
<tr>
<td>education</td>
<td>TV</td>
<td>electricity</td>
<td>car</td>
</tr>
</tbody>
</table>

Discuss each thing and decide whether it is or is not a basic need. Report back to your class and be ready to provide an explanation for your decisions.
