

Base 4 Leaflet Writing task 11.05.20

This week I would like you to create an information leaflet using the template provided.

The leaflet should be about the topic Fair Trade and should include the following information –

- What does Fair Trade mean?
- What products are Fair Trade?
- Where do they come from?
- Why do we need Fair Trade products and farmers?

Remember to include the following in your leaflet –

- A suitable title – it should grab the reader's attention
- At least 5 key facts about Fair Trade – short, sharp and to the point
- Easy to read presentation and lay-out
- Capital letters and full stops in the correct places
- Accurate spelling
- Information is clear and to the point

The reading and topic tasks will provide a lot of this information so you might want to start with those.

This is a link to creating leaflets, this is just a guide, it is not related to Fair Trade but will give you some hints and tips.

Good luck and remember to post any questions you have – if you email the writing by Thursday 14th May I will get feedback to you on Friday 15th May.
